

Briggs & Stratton (7kw to 20kw)

Gaseous Generator Sets

Stateline Power has recently added to our range of generators the Briggs & Stratton Series of Home Generator Systems. Featuring affordable options from 7kw –10kw, these systems offer a permanent, reliable solution to power failure and provide a continuous connection to natural gas or propane for years of uninterrupted operation.

Home Generator Systems

PowerNOW! 7kw (40248)

Automatic 7kw (40301)

Automatic 10kw (40243)

Briggs & Stratton, a trusted name in power for a century, is proud to offer the world's first series of High Efficiency Home Generator Systems. Whether you are home or away when the power goes out, our Home Generator Systems will provide fully automatic operation and a permanent connection to natural gas or propane for years of reliable whole house standby protection. Superior design means half the size, half the sound, half the fuel consumption, and half the price of most competitive systems

High Efficiency Home Generator Systems
