

***WHEN WEATHER DANGERS LOOM
STATELINE KEEPS HOME A SAFE HAVEN***

Your home is your most valuable asset. Protecting what and who is inside should be just as important as protecting the bricks and mortar.

Weather dangers that threaten your access to power loom in nearly every season. From summer storms to the bitter cold of winter winds, the lights can go out in a flash. Protect yourself from dark and chilly nights, frozen pipes or the loss of connection with local news by adding a Stateline Home Generator. Never again will worry come in the dark of night. No matter what brings darkness your way, a Stateline Power generation solution can bring you a feeling of security and peace of mind.

When the storm arrives, feel safe and secure with Stateline by your side.

Stateline offers a variety of enclosed or open power generation products that are geared specifically to protect your home from weather-related power loss. Customized enclosure colors are also available to help blend your generator with the surrounding environment. The products featured on this page are just a few of the Stateline backup power solutions working to protect homes throughout the country.
